CALLISTO

The Callisto has been meticulously planned to suit wide frontage acreage lots and designed with family living in mind. After entering the huge and welcoming front porch, there is a dedicated separate study to your left and a media room to your right. Walking through to the left you will find the massive open plan kitchen, dining, family and living rooms. The large kitchen offers a large island bench and an impressive walk in pantry. To the rear of the home and flowing from the living area is a huge outdoor alfresco area which allows an abundance of natural light. The bedrooms zones include a master bedroom with private ensuite and large walk in robe which is nicely separated from the other bedrooms. The remaining three bedrooms (all with built in wardrobes) surround a private kids retreat.
